About

I am a hardworking and ambitious individual with a great passion for the web and applications industry. I am currently in my first year of studying Computer Systems Analysis at FATEC São Paulo College (Brazil).

I have excellent communication skills, enabling me to effectively communicate with a wide range of people. More than 5 years of self studying, personal projects and online courses about different areas are also accounted for.

I am seeing a full-time position in the industry in which I can put into practice my knowledge and earn a lot of field experience, ultimately benefiting the operations of the organization that I work for.

✔ Available to immediate start, remotely or overseas.

✔ Brazilian and Italian citizenship.

Experience

2012 - 2013 **Freelancer**
Web Developer, Brazil
Junior web developer that made websites for local business.

2021 - Present **Disbots**
Lead Developer, Brazil
I am a team lead that is responsible for the development of Discord bots, using Discord API and Node JS.

Education

2012 **Web Design Course**
SESC SENAI, Brazil
A 200 hours Web Design course that included up-to-date concepts and workflows.

2014 - 2016 **Mechatronics Technologist**
Centro Paula Souza, Brazil
A 3 years technologist course integrated with high school.

2021 - Present **Computer Systems Analysis Bachelor**
FATEC São Paulo, Brazil
Attending my first year. Apart from coding and developing systems, analyzing and improving existing ones is a very interesting area for me.
